

Remodel Power Plant, Up Date Sewer System

Grayling To Receive \$78,000 In A. P. W. Funds

The City of Grayling has been awarded \$78,000 in Accelerated Public Works funds under the approval of the Community Facilities Administration. It was advised last Friday by Michigan's United States Senators Patrick V. McNamara and Philip A. Hart. A telegram to this effect was sent to Crawford County Democratic Chairman Harold Duncan and later in the day a telegram with the same wording was received by the Crawford County Avalanche. A telephone call from the office of United States Congressman Elford A. Cederberg to City Manager Harold S. Cliff on Friday also confirmed the awarding of the funds.

Two separate projects were covered by the monies. They are designated as projects 39 and 40. Project 39 is for the laying of 8,600 feet of sanitary sewer lines in the City of Grayling. It will be both six and eight inch lines

and will replace some inadequate lines now that need definite relief. There will also be extension of the sewer system into several areas in the city that are not now served. The funds for this project total \$38,000.

Project 40 is for the remodeling of the former municipal power plant building into a new city hall. The present city hall on Ottawa street is very inadequate and has been considered a hazard from a fire standpoint. The power plant building located on I-75 business loop just south of the AuSable River when remodeled will provide adequate and expansive city offices, offices for the City Police and Fire Department, garage room for the City Fire trucks and valid space on the first floor. On the second floor would be a meeting room for Council sessions capable of seating 100 people, plus other office space that

could be made available for rental purposes to aid in offsetting the cost of the building's operation.

Both projects have been pre-engineered by Williams and Works, consulting engineers of Grand Rapids. Following Monday evening's meeting of the Grayling City Council, further steps towards getting the projects underway will be taken. It is hoped to get work underway on both projects as soon as weather will permit in the spring.

Much credit for the awarding of the funds to the City of Grayling must go to the Crawford County Democratic Committee and its chairman, Harold Duncan. Another member of the committee who worked very hard to get the two projects approved in Washington was Mrs. Bud Gould.

Both Senators McNamara and Hart put in a lot of ground work to obtain the funds for Grayling and the word from a member of the local Democratic committee was that Congressman-at-large Niel Stabler was also most instrumental in seeing that Grayling's projects were pushed to the fore.

Following is the wording of the telegram received by chairman Duncan and later at the Avalanche office:

"Pleased to advise you of Community Facilities Administration approval of APW projects 39 and 40 in the amounts of \$38,000 and \$40,000 respectively to provide for construction of a sanitary sewer and for the remodeling of the former City Power Plant in Grayling"

Marcia Sorenson, Miss Grayling 1964

Plans Move Forward For 39th Carnival

Marcia Sorenson, Grayling High School senior and daughter of Mr. and Mrs. Alfred J. Sorenson of Grayling, was crowned Miss Grayling of 1964 at a dance at the warming lodge at the Grayling Winter Sports Park last Thursday evening. Queen Marcia received her crown from Lewis Stillwagon, president of Grayling Winter Sports.

Blonde Marcia is a honor student at Grayling High. She will reign as the 39th Miss Grayling and will serve as official hostess to all of the visiting winter queens during the 39th annual Grayling Winter Sports Carnival on February 8th and 9th.

Serving on the Court of honor to the new Queen is Susan Hayes, Merry Lynn Perry, Zoe Stephan and Phyllis Hunter. The five finalists were selected by a group of anonymous judges last Monday evening at the Kiwanis Club of Grayling meeting at which all eight contestants were guests. Queen Marcia's high point total gave her the title.

The new Miss Grayling was crowned as 1964 Crawford County Auto Show Queen last fall and also serves as the editor of the Grayling High newspaper, "The Highlight". Queen Marcia is also a member of the National Honor Society.

Announcement has been made that Jerry Chiappetta, Outdoor Editor of the Lansing State Journal will crown Miss Michigan Winter Sports on Sunday, February 9th and will also act as master of ceremonies for the Queens Banquet and Ball on Saturday evening. Mr. Chiappetta will also present the new Queen at the Ball. Jerry began his newspaper career with the International News Service in Pennsylvania, and worked for them in Philadelphia, Pittsburgh and the state capital of Harrisburg. In 1956, he moved to the Detroit office of INS. A year or so later, INS merged with United Press and Jerry was retained by the new United Press International. He later went on to the staff of the Detroit Times and was in charge of their Lansing Bureau. When that newspaper folded later that year, Jerry took a week off and went deer hunting. When he came home, he was immediately employed by State Journal as outdoor editor.

Jerry has written many outdoor articles for Life, Sports, Field and Stream, The American Rifleman, Guns, Guns Illustrated, Motor News, Dodge News and many others. His latest literary effort is a 380-page, 98,000 word novel about prisoners of war in Japan. It is being considered for a movie by Steve Parker, movie director and husband of Shirley McLaine.

Mrs. Chiappetta will also get into the act as one of ten judges. She will be assisted by Mr. and Mrs. Wayne Clark, also of Lansing. Mr. Clark is publicity director for the Duplex Truck Corp. The two other judges will be Mr. and Mrs. Arnold Matthews of Grand Rapids. Mr. Matthews is a executive with Spartan Stores and a former native of Grayling. He was a star athlete with the Blue Devils before World War II.

Other committees for the Carnival are at work and plans are heading towards completion. It was said.

County 1963 Bond Purchases High

Crawford County purchases of Series F and H savings bonds totaled \$57,115 in 1963, it was announced today by John H. Alef, chairman of the county's Savings Bond Committee.

The 1963 figure represented 103.8 per cent of the county's Treasury-assigned goal for the year and compared with \$56,750 in 1962. In announcing the 1963 figures, the county bond chairman said he expected a even better showing

Grayling Bank Renames All Officers, Directors

All officers and directors were re-elected to new terms at the annual meeting of the Grayling State Bank held on Tuesday afternoon, January 21st.

Officers re-elected were: Emil Kraus Sr., Chairman of the Board; John H. Alef, President and Cashier; Holger D. Hanson, Vice President; Glenn E. Sawyer, Vice President and newly elected as Lawrence LaGrow as Assistant Cashier. Re-elected as directors were: Mr. Kraus, Mr. Alef, Mr. Hanson, Dr. J. P. Cook, Willard H. Cornell, Emil L. Kraus, Charles E. Moore and T. P. Peterson.

In the evening, the officers and directors were hosts to the shareholders and employees at a dinner at the Chief Shoppe on Main Street. The dinner was preceded with a fellowship hour and after dinner dancing was enjoyed in the Viking Room.

Those attending from out of town were General and Mrs. Carson Neifert of Okemos, Colonel Carl Rask and Mr. and Mrs. William Kraus of Detroit and Mr. and Mrs. Al Cherven of Roscommon.

HALF DECADE REVIEW

Grayling Mercy Hospital Looks Over Records With Eye To Future

It hardly seems possible but in December of last year, the Sisters of Mercy marked the first six years in the new facilities of the Grayling Mercy Hospital.

Hospital administrator, Sister Mary Janice, R. S. M., felt that a look at the record of the past six years would not only be a revealing study of what the statistics disclosed but would also indicate the services rendered during the time. Therefore, a 17 page mimeographed booklet, entitled, "Time For A Check Up" was prepared for the staff of the hospital with an eye to the possible future health needs of the entire area now served by Grayling Mercy Hospital.

In that the statistics compiled by the Medical Records Librarian at the Hospital were so detailed, the report will be covered in a series of five articles. This, the first of the five, will concentrate on area of hospital admissions during the past six years. The overall total of admissions during 1958, the first full year the new facilities were operated was 1,582 patients. During 1963, this total patient admission had risen to 1,984 patients. However, the year 1962, showed an even higher figure of 2,025 patients.

Hearings Start On Gas Service Applications

Hearings of Michigan Consolidated Gas Company's application to extend natural gas service to 42 communities in the northeastern half of the Lower Peninsula began last Friday before the Michigan Public Service Commission.

Hugh C. Daly, executive vice president of the utility, said the expansion program is one of the largest single projects ever undertaken by the utility and will cost an estimated \$13,692,000.

Michigan Consolidated requests Commission authority to construct 210 miles of gas transmission lines and metering facilities at an estimated cost of \$9,255,000. The company would also construct 240 miles of distribution mains in the communities costing \$4,437,000.

Daly said two major pipelines would be constructed, one to serve the east shore area along Lake Huron as far north as Alpena, and

Eagles To Rapid City Friday Nite

The Frederic High Eagles are slated to take to the road this week for the basketball fray. They will go to Rapid City Friday night to meet the Bob Cats in a varsity and junior varsity contest.

Last week, the Eagles were also on the road, going to Merritt on Tuesday night and to Central Lake on Friday night. They played both varsity and junior varsity games at both towns.

Frederic took a 91 to 44 trouncing at the hands of the Central Lake varsity. The hosts grabbed a big 24 to 3 first period lead and went on to outscore the Eagles in every period. Frederic's scoring was led by Mike Harmer with 16 and P. J. Lodge 14. Payton with 27 and Knowles with 22 led the Central Lake attack.

The Little Eagles did better than the varsity with a 31 to 29 victory that put them in first place in conference play. The Eagles took a slim 9 to 7 first period bulge and managed to hold on to a 17 to 16 edge at halftime. Frederic moved out one more point by the end of the third period 23 to 21 and held their edge as both teams hit for 9 points a piece in the final quarter.

Jim Gauthier with 20 points was the big scoring gun for Frederic while Disbrow with 14 and Vorman with 10 were high for the Central Lake junior varsity.

Plagued by bad breaks and poor shooting, the Frederic Junior Varsity Eagles were defeated by Merritt last Tuesday night 39-27.

Usually a high scoring quintet, Frederic managed only 14 points in the entire first half. They led 6-4 after 6 minutes of the first quarter, which was to set the pace for the entire contest. Merritt rallied to lead 15-14 at halftime, stretched their advantage to 29-24 at the third stop, and simply walked a (Continued on Page 8)

Grayling Skiers Climb In CUSSA Standings

The twelve Grayling youngsters competing in Central Division-United States Ski Association races continue to climb in the rankings as the racing season passes the half way mark. Sunday's second race at Nub's Nob saw Jody Wyman, Grayling sophomore, take a second place slalom medal in Class 11 High School division. The Nub's Nob race, run under difficult conditions and on courses at times icy, was shortened with the cancellation of the downhill races and the limiting of the slalom races to one run. The downhill races will be run at a later date, if time permits.

This coming Sunday another Region III Point Meet will be held on the new special race course at Boyne Highlands, and the following week the Region III Championships will be staged on Saturday and Sunday at Thunder Mountain. Those expected to attend are Doug House, Mike Mason, Camilla Marshall, Jody Wyman, Mark Anderson, Pat Buron, Mickey Stillwagon, Mark Day, Dave Cinciala, Fenn Welch, Bill Gould and Randy Koch.

Mike Corlew with 11 and Pat Thompson with 10 were in the double figures for Grayling. Terry Wright added 9, LeRoy Neal 7, John Sorenson and Bob Smock 4 each. Reed with 18 and Bell with 13 were high for the Little Red Devils.

MOTHERS MARCH FRIDAY NITE

A man may come to your door tonight wearing a sign saying "Tonight I Am a Mother." Don't worry. He's not dangerous.

As a matter of fact, says Mrs. Glen Fenton and Mrs. John Latuszek, he'll go away promptly if you give him some money or a check to help the March of Dimes continue the fight against crippling disease.

Our man with the sign, according to Mrs. Fenton and Mrs. Latuszek will be one of hundreds of volunteers visiting homes throughout Crawford County during the annual Mothers' March for the March of Dimes. This Friday, January 31st.

Mrs. Fenton and Mrs. Latuszek are general chairmen of the Mothers' March. They estimate that 100 volunteers will participate in tonight's march.

"Of course, most of our volunteers will be women — the great majority of them mothers who have a direct personal interest in the March of Dimes fight against crippling birth defects and arthritis," they said.

BRIGHT-HUED SKI FIGURES GRACE LIGHT POLES

The dozen skiers which are or will adorn the light poles on the two downtown blocks of Michigan Avenue are the result of effort by several people. The Grayling Business Men's Association purchased the material for the figures, Eric Post cut out the shapes, Bear Archery Company employees gave them a base coat of white paint, Natalie Koch, Dorothy Stillwagon, Lora Gould, Marian Sherwin, Dena Hunter, Jeanette Dodge and Marion Welsh put the final colors on, and the Winter Sports Park crew, with the assistance of the City employees, put them in place on the light poles.

Vikings Travel To Harbor Friday

The Grayling Vikings, after dropping a 64 to 59 decision to East Jordan there last Friday night, are scheduled to take the long trip north to Harbor Springs this Friday. The Rams halted the Vikings 64 to 55 earlier in the season here and are expected to be real rough on their own home floor.

In other conference action last Friday night, Charlevoix stopped Harbor 64 to 51, Gaylord whipped Pellston 73 to 64 and the Boyne City Ramblers soundly whipped the Mancelona Ironmen.

Last Friday at East Jordan, the Vikings took a slim 14 to 12 first period edge and held on to their lead at halftime as each team scored 21 points in the second frame. Grayling managed to pull out to a 49 to 42 bulge at the end of the third quarter. A big 22 to 10 fourth canto won for the host Red Devils.

Ray Moore with 25 points was high for East Jordan and high man in the game. Bill Joseph with 17 paced the Vikings. Curt Feldhauser added 11, Richard and Terry Smith 8 each, Gary Luckstead 8, Ed Robertson 3, Jim Young 2 and John Engel a foul shot.

The Vikings lost Richard Smith and Jim Young via the foul route while the Red Devils lost the services of Chad McDonald and Fred Malpass.

The Little Vikings fared no better Friday night as they were stopped 59 to 45. A scoreless first period just about did the green and white in as the hosts grabbed a 10 to 0 lead. Grayling came back with a 16 to 12 second period but lost the third frame 21 to 6 and won the final 23 to 16.

Mike Corlew with 11 and Pat Thompson with 10 were in the double figures for Grayling. Terry Wright added 9, LeRoy Neal 7, John Sorenson and Bob Smock 4 each. Reed with 18 and Bell with 13 were high for the Little Red Devils.

DEPARTMENT PLANS ENTERTAINMENTS

The Grayling Fire Department will present a movie on serious fires throughout the United States, to be shown at the Grayling School on Monday evening, February 10th, starting at 7 p.m. sharp. This film is open to the public and there is no charge.

On February 22, Saturday night, at the Grayling High School gym, the Fire Department will present a donkey basketball game. The Firemen and a crew from the Tank Shop at the Grayling Airport will make up the opposing teams. As well as the basketball game, there will be a businessmen's race and a ladies race, in which the contestants will dangle crackers before their mouths to speed them on.

The Firemen will make 60% on all advance tickets sales, and only 50% on those sold at the door, so they will appreciate all advance sales possible. Proceeds from the game will go towards the planned Fourth of July celebration next summer.

The Department is planning a dinner of moose meat with all the trimmings, to be held at Wirt's Lone Pine Inn on Thursday, Feb. 13th, from 4 p.m. to 10 p.m. Tickets are priced at \$1.50 for adults and 75 cents for children under 12. Contact any member of the Fire Department for tickets. Proceeds from this dinner will go towards the Fourth of July celebration.

"We also need funds to provide continued assistance to polio patients who look to the March of Dimes for help," they added. "So when the Mothers' March calls, with or without the sign — please give generously."

Announce New Area Manager

Michigan Con Gas Selects Grayling For Area Office

ROBERT J. MCINTOSH

Fire Destroys Lake Margrethe Cottage Sunday

The cottage of G. R. Pamerleau of Royal Oak at McIntyre's Landing, Lake Margrethe, was completely consumed in a fire which apparently started from the fireplace chimney around 3:30 Sunday morning. The wall behind the fireplace was discovered smoldering when a strong smoke odor awakened the occupants, but when this area was taken care of a blaze broke out on a higher level which spread too quickly for the party to handle.

With Mr. Pamerleau were two other men and a boy. The Grayling Fire Department was called when the second fire broke out, at 5:50 a.m., but the house and contents were a complete loss by the time the department was able to reach the area. They were able to save a storage shed and one other building, however, Fire Chief Frank May reported, Mr. Pamerleau was treated at Mercy Hospital for a burned hand and knee injury. He and his guests just got out of the place in time after the second blaze broke out.

He is married and has two children.

Kiwanis Club Notes

Monday evening's meeting of the Kiwanis Club of Grayling was held at the Grange Hall with the ladies of the RLDS Church putting on a very fine dinner.

Guests from the Alpena Kiwanis Club were in attendance for an interclub meeting. Also a guest was George Crum of the Manassas, Virginia club.

Immediate past president Ralph Hoffman presented the club's achievement report for the year 1963.

County's Share \$24,000 In Regional Payment

LANSING — Crawford County is getting \$24,000 of the \$290,000 in regional payments in lieu of taxes on state-owned land, the Conservation Department discloses.

Other major disbursements to northern lower peninsula counties include: Roscommon County, \$30,000; Cheboygan, \$27,000; Kalkaska, \$21,000; Montmorency County, \$20,000.

Counties will allocate to local school districts and townships in proportion to the amount of forest, park, game and other state ownership within their boundaries.

Money is being paid from the Department's General Fund Budget but also from its Game and Fish Protection Fund.

Seventy-five of the 83 Michigan counties are sharing the annual disbursement, amounting to \$600,000.

Michigan Consolidated Gas Company today announced the appointment of Robert L. McIntosh, of Detroit, as manager of its operations in this area, effective Feb. 1. The area office will be located in Grayling, according to the announcement by James C. Preston, general manager of the utility's Northern District.

Other communities included in the Grayling Area, which will receive natural gas next September, are Gaylord, Roscommon, Houghton Lake, Prudenville, and the townships of Livingston, Bagley, Otsego Lake, Maple Forest, Frederic, Grayling, Higgins, Denton and Roscommon.

McIntosh joined Michigan Consolidated's street department in 1949, advancing to clerk, staff assistant, junior engineer, technical and administrative assistant. At night he attended classes at Detroit Institute of Technology where he graduated in 1955 with a B. A. degree, majoring in industrial management. After graduation he attended Detroit College of Law for a year.

A veteran Navy signalman, McIntosh served two years in the Pacific with a P.T. boat squadron. Mr. McIntosh is active in Masonic Lodges, is a member of the drill corps of Detroit Commandery No. 1, Knights Templar, and is a past deacon of Southminster Presbyterian Church. He was also active in Fairlane School PTA and was a neighborhood commissioner of B. O. Y. Scouts in suburban Taylor Township.

He is married and has two children.

MARK YOUR FISHING HOLES

It would be well to remember to put some kind marker in the holes used to fish through the ice before you leave, so that others will not accidentally step into them. Serious damages could result. Also do not remove those which have been placed as you may cause someone to be responsible for your neglect. If you don't believe it ask Norval Stephan or Leonard Jensen, who experienced accidents on Lake Margrethe Saturday evening.

NOTICE

There will be a meeting of the Crawford County Republican Committee at the courthouse on Wednesday, February 5th at 8 p.m. Please plan to attend.

Herewith is a contribution from one of our youthful citizens: "One day around ten boys and girls were having a snowball fight. Joey Haas and Frank Morse were walking down the street and they wanted to have a snowball fight, and at the end they won. Frank and Joey decided to make a fort and got it done in one night. They asked them if they wanted a snowball fight and they wanted a snowball fight all right. They had ten boys and girls and we just two, and when there were no more snowballs Joey Haas was going in to get Stan Morse, but I said I will and I went in and asked Stan if he would come out and help us but he would not come out. When I got out of the house I said Stan will be out in a minute and they ran so fast they were back to their fort in no time. When I had to eat two boys came back and tried to wreck our fort but I said 'Get out of here' and they went to their fort and got more boys and they came back and wrecked it. But Stan went out the back door and went running after them. That night Stan went down to his friend's house and we walked with him and they went running to a boy's house and we dove into their fort and there was no more fort. Signed, Frank Morse

March of Dimes Mothers To Deliver Health Leaflet

Mothers who will be marching for the March of Dimes throughout the nation this January will distribute millions of copies of a leaflet entitled "One Minute Warning," which gives the latest facts about birth defects and arthritis.

According to local March of Dimes volunteer leaders, these two disease areas are of concern to millions of people in this country. About 250,000 of our children are born each year with a serious birth defect. Arthritis and the rheumatic diseases afflict upward of 11,000,000 Americans.

The National Foundation-March of Dimes is fighting these diseases with the same three-pronged attack which helped conquer polio as a public health problem. Using the experience gained in spearheading the development of the Salk and Sabin polio vaccines, March of Dimes funds currently finance:

- a nationwide scientific research program aimed at finding causes and cures for birth defects and arthritis;
- a nationwide network of treatment centers which help bring top-quality medical care to victims of these crippling;
- a nationwide professional education program which channels latest scientific findings to scientists, physicians and their associates; and
- a nationwide public education program.

Latest addition to this public education program, according to Dr. William S. Clark, director of the medical department of The National Foundation, is the "One Minute Warning" leaflet.

"Our purpose is to reassure the public that much is being done in the fight against these two great crippling," Dr. Clark says. "The American people are financing the fight with their contributions to the March of Dimes, and they have a right to receive periodic reports of what is being accomplished." In reassuring, non-technical

Jane Wyatt, star of screen and TV, who is the 1964 Honorary National Mothers' March Chairman for the March of Dimes.

language, the pamphlet, which takes only a minute to read, suggests these precautions for a pregnant woman:

- See your doctor early. Be sure to tell any other doctor you may consult, for treatment of other conditions, that you are pregnant.
- Take no drugs on your own initiative. Tell your doctor about any you have been taking. Especially stay away from "tranquilizers," "mood adjusters," and "happy pills."
- Learn your Rh factor, blood type, and your husband's. Inform your obstetrician.
- Follow the diet your doctor prescribes.
- Avoid excessive smoking and drinking.
- If pregnant, don't knowingly expose yourself to infectious diseases—particularly German measles.

For the person who suffers from arthritis, the leaflet stresses: "Follow ONLY the advice of your doctor." Several other points of advice are given, among them, "Remember, there are no quick cures. No short cuts. Good results from treatment require time and patience."

If your home has been missed in the distribution of this pamphlet, you can obtain one free of charge from the local March of Dimes headquarters.

Shorter Workweek, More Leisure Time Locally

(Special to the Avalanche)

New York — The average man in Crawford County earns a living for himself and his family in much less time and with much less physical effort than was ever possible before.

And, despite the easier life, he lives in better style than he would have in former years.

The number of hours of work per week for the local wage-earner has been shrinking year by year. His working career as a whole has also been getting shorter and shorter. He starts to work at a later age and is able to retire sooner than he would have in previous generations.

Nowadays, the average young man locally spends more time in school, and less time looking for a job. In earlier days, he might have been at work for two years by that time.

The trend is indicated in nationwide data gathered by the Department of Commerce, the Department of Labor and by the Congressional Joint Economic Committee, among others.

Current job schedules, they report, call for a workweek of slightly under 40 hours, except on the farm. It compares with 55 hours a week in 1910, when grandfather went to work.

Thus, for each man in Crawford County who is working at this average, there is a saving of 16 minutes out of every hour.

For the 1,061 local men who are employed, on the basis of the latest Department of Commerce figures, it amounts to 843,000 man-hours of extra leisure time in the course of a year.

Combined with that is the fact that, under industrial pension plans and under social security, there has been a dramatic lowering of the retirement age. As a result, a large proportion of men are retiring when they reach 65.

According to the studies, the average working man today has about 20 more years of leisure at his disposal during his lifetime than his grandfather had, due to the cut in his working hours and working years and due to his extended life span.

For the working men in Crawford County, it adds up to some 23,000 extra years available for relaxation, for self-education, for hobbies and for travel.

Pressure is being exerted by the unions for a further reduction in hours. Their immediate goal is 35 hours a week.

The New Numbers Game . . .

There is a new numbers game being played in Grayling and quite probably in other communities across the nation. It all stems from the United States Public Health Service report on the health dangers of smoking.

Another numbers game was in vogue just a few months, or even weeks ago. You would hear one man say to another, "Thirteen today". This would simply mean that as of that morning, he had gotten his thirteen-th shave off one of the new stainless steel shaving blades.

The new game is similar. Today, you'll overhear one man say to his neighbor, "How many so far today?" The answer may be anywhere from, "None to two, three four or more". This quite simply means that is the number of cigarettes he has consumed so far that day.

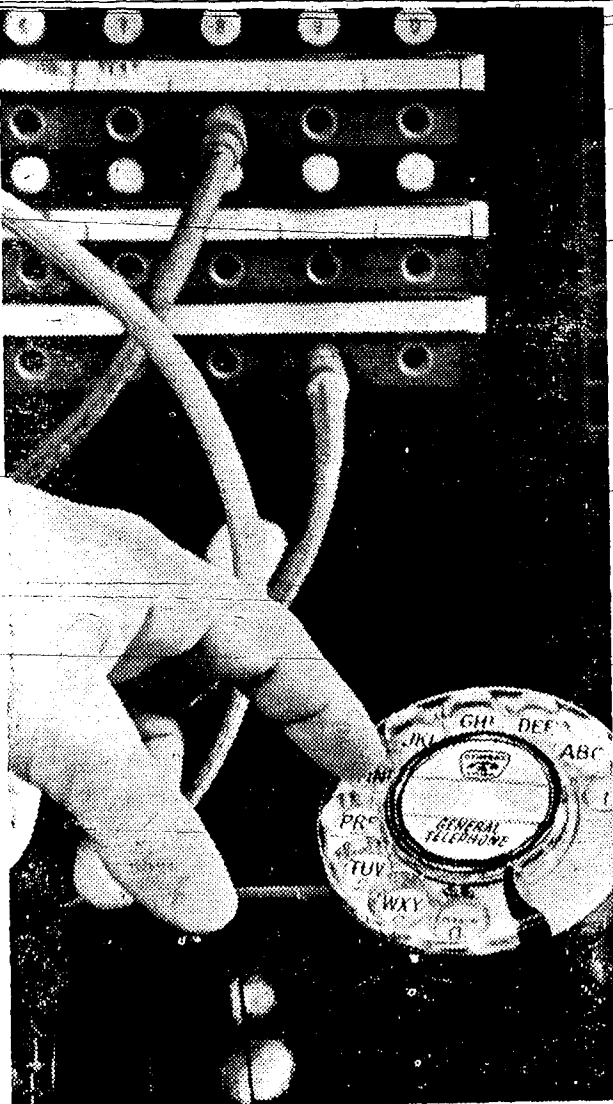

This type of competition is very helpful, it would seem, in driving down the amount of smoking being done. Which in turn, in view of the smoking report, is a good thing. It has helped this writer corral his consumption from one and a half to two packs a day down to a very small number. Good luck to the rest who are fighting the "weed". It is a dreary solitary one, fight, that is. R. W. S.

A Hard Hand On The Reins . . .

Early in December, President Johnson, having then very recently succeeded to office, told an assemblage of business leaders: "Men in the Government are going to be recognized by not how much they spend but by how they save."

It now remains to be seen to what extent, and in what ways, this policy will be implemented. The President has supported his words with directives both to government agencies and to the thousands of private enterprises which do business with the government on a substantial scale. But, so big and sprawling is the government, and so complex the chain of command, that a hard and constant hand on the reins will be necessary if more than lip service is to be paid to the cause of economy. And only the President can apply that hand.

In this, one can respectfully say, "More power to you, Mr. President."

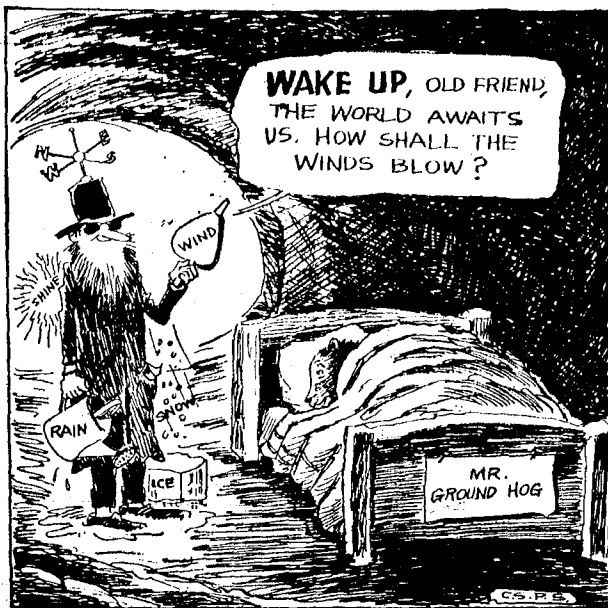

We test phones while you sleep.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

January 30, 1941

The biggest affair in winter sports in the middle states will be the annual winter carnival to be held in Grayling Friday, Saturday and Sunday, February 7th, 8th and 9th. Crowds are expected from every point of the compass. In preparation for this huge event the local winter sports association has invited sports celebrities from all over the country. Who hasn't heard of "Al" Schacht? He is the greatest baseball comedian alive today. He appears at major league baseball games everywhere, and no world series games are complete without Al Schacht being there. The world loves to laugh and Al has made millions laugh their heads off. He'll be right here in Grayling throughout the three days of the carnival, master of ceremonies.

The Queen's court, accompanied by Mrs. Stanley Stealy and Mrs. Frank Bond, were in Lansing last Friday as special guests of Governor Murray D. VanWagoner. The Governor put aside his many duties and posed with the Queen and her court in his office for some pictures. These pictures are on display at the Johnson Furniture store. The Queen and the court also visited the House of Representatives and the State Senate. Various executive offices and made a general inspection of the Capitol. Queen Yvonne had previously been in Lansing for the choosing of "Miss Michigan" and to be in attendance at the Press banquet.

It was a big day for Grayling Sunday when Gov. Murray D. VanWagoner and other members of an East Michigan Tourist association winter sports junket arrived to inspect facilities here. Here the governor is shown holding a 15-lb. pike, speared in Lake Margrothe, which was presented him by Graylingites. The governor is surrounded by the Grayling winter queen and her court as he proudly holds his gift. Pictured, left to right, standing, are Kathleen Kraus, Van Wagoner, Queen Yvonne Bradley and Thelma Papendick. Kneeling, left to right, are Jean Stevenson, Jane Martin and Carol Case.

Lewis Sorenson was ten years old Sunday and his mother Mrs. Harry Sorenson entertained a few little friends during the afternoon. Her daughter Helen celebrated her seventh birthday on January 10th and she too had a lovely party with a birthday cake and all the trimmings.

More than 50 sharp-tailed grouse, the "coming upland game bird of Northern Michigan" in the opinion of many hunters, have been released this winter near Fletcher settlement in Higgins Lake state forest, southeastern Kalamazoo county, the conservation department's game division disclosed today. This is the third year's planting in the Fletcher area, where game men have found evidence that the birds are establishing themselves. A second year's planting is to begin soon on the Molasses River area in Gladwin county, the most southerly Michigan region into which sharp-tails have been introduced. Stock for these plantings is live-trapped in western upper Michigan, where sharp-tails first spread into the state from Wisconsin 20 years ago. For some other plantings, stock is imported.

George Kessler is home from school entertaining the chickenpox. Mr. and Mrs. Henry Stephan are the proud parents of a son, Charles William, born to them Saturday, January 25th.

Mr. and Mrs. Herbert Wolff of South Bend, Indiana, are announcing the arrival of a little daughter, Marjorie, born on Saturday. Congratulations are being received from Grayling friends.

Mrs. Frank Bond was hostess to her Saturday Afternoon Bridge Club. Two tables were in play throughout the afternoon with total score honors falling to Mrs. Roy Trudgeon, Mrs. Harold MacNeven and Mrs. Willard Cornell.

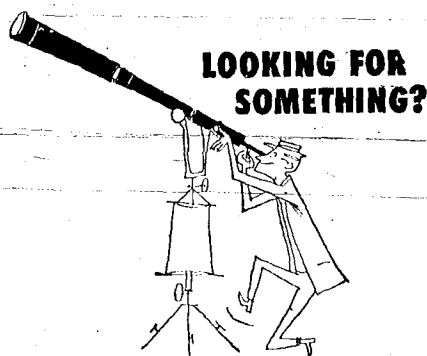

Mr. and Mrs. Alva Stephan are happy over the arrival of a daughter, born to them Wednesday, January 24th.

Charles J. Burns of Detroit has joined the office force of the National Log Construction Company, as architect and engineer. Mr. Burns is an artist of ability. He intends to make his home in Grayling.

Miss Ruth Patten, who has taught first and second grades at the South Side school for the past three years, left Friday for Bay City having accepted a teaching position in the Wenonah school. Mrs. Hazel Trudgeon is filling her place.

Pete Lovely has taken over the dining room and restaurant at the Fischer hotel, and will open Saturday afternoon for business. Meals and lunches will be served. Plan on enjoying one of Pete's delicious steak or pork shop dinners on your day to "eat out."

Mrs. W. J. Heric invited in a

LOOKING FOR
SOMETHING?

One needs a powerful telescope to study the stars and the moon.

But you don't have to look far if you are interested in the things that make living more comfortable here on earth.

We're talking about things like food, clothing, appliances, services, all the items that are important to our day-to-day living.

Wherever you live in the community, it is only a short distance to a local merchant

who is anxious to serve you in every way possible. The average local merchant has "both feet on the ground"—he knows that he must serve you well today in order to merit your business tomorrow.

Whatever your needs, look first to the local business community. You can usually get all the things you need, at the best possible prices—and have the satisfaction of knowing that in the years ahead service and satisfaction is as near as your telephone.

few couples Saturday evening to help Mr. Heric celebrate his birthday anniversary that fell on Friday. Tripoli was the diversion, with Mrs. William Christenson and Adolph Peterson holding the high scores, and Mrs. Eugene Papendick and Oscar Goss the low ones. Delicious refreshments were enjoyed.

There was a larger crowd of young people enjoyed the "open house" at St. Mary's parish hall Wednesday. Both pool tables were kept busy and many read magazines and funny papers that are on the reading table. Mrs. Wilfred Laurant and Mrs. Harold Rasmussen of the Catholic Women's Guild were in charge and served cake and hot cocoa. After lunch the girls volunteered to help with the dishes.

Sweet peas, forget-me-nots and primroses in an unusual arrangement, and guarded by white tapers, graced the long table at which the ladies were seated at a luncheon given by Mrs. Esbern Hanson Wednesday afternoon for her bridge club. Winners for bridge were Miss Margrethe Bauman, Mrs. O. P. Schumann and Mrs. Esbern Hanson. Mrs. Harold Cliff was a guest of the club.

Mr. and Mrs. Waldemar Hanson and son Mickey of Saginaw spent the weekend visiting their parents. Mr. and Mrs. Viggo Mikkelsen of Detroit spent the weekend in Grayling, coming for the winter sports.

Mrs. Robert Coulter, Miss Dorothy Swanson and Mr. and Mrs. Tony Van Mullen of Grand Rapids spent Sunday visiting here. Miss Wanda Cardinal left Wednesday of last week for Pontiac where she has accepted a position in the General hospital, of that city.

Miss Mary Jane Joseph came home for the weekend from Michigan State College. Mrs. Joseph drove to Lansing for her Friday. Mrs. Nettie Stephan arrived home Saturday after spending a couple of weeks visiting her daughter.

Church Of God At Frederic Nears Finish Work was completed on the Frederic Church of God recently to the point where services could be held for the first time on Sunday, January 19th. The building, located a few blocks west of Old 27 on County Road 612 is a 24 x 40-foot structure which will seat approximately one hundred people. The work has been mainly done by Swift Homes, Inc., but different members of the congregation have also done work. The outside is painted white, but the interior decoration has not yet been completed. Dedication services will be held in the spring when this has been done.

Members have had the use of the Frederic Sportsman's Hall for the past three years while their church was contemplated and finally built, and extend their thanks to the organization for the privilege.

Lovells News By Emma Stillwagon

Minimum level for period of record, Sept. 24-27, 1948 1133.57 ft.

Preliminary Figures Subject To Revision

Mercy Hospital (Continued from Page 1)

during the five year period were as follows: 1958-1,592; 1959-1,650; 1960-1,802; 1961-1,970; 1962-2,325 and 1963-1,994.

The statistics, in the area of classification of payment by the admitted patient, are most interesting also. While the number of patients entering Grayling Mercy Hospital and paying their own expenses has remained most constant over the past six years, it is noted that the number covered by Blue Cross hospitalization insurance and also those patients covered by miscellaneous insurance has risen.

Those admitted to the hospital over the past six year period and assuming the payment of their own expenses has been as follows: 1958-337; 1959-315; 1960-332; 1961-356; 1962-355 and 1963-364. In contrast, those entering under the coverage of Blue Cross insurance showed the following gains: 1958-671; 1959-741; 1960-831; 1961-786; 1962-741 and 1963-731. Likewise with patients covered with miscellaneous insurance policies, (few of which represent total payment) the total increased, and even more sharply. In 1958, 458 patients were admitted who were covered by hospitalization insurance - other than Blue Cross. In 1959, the total was 470; 1960-586; 1961-670; 1962-753 and 1963-750.

Grayling Mercy Hospital which is conducted by the Sisters of Mercy, a Religious Institute of the Catholic Church, respects the rights of all patients to have their own religious beliefs. A Catholic chaplain resides at the hospital and visits with patients. Visits by clergymen from throughout the entire area is not only welcome, but is highly encouraged by the Sisters.

Statistics kept by the records librarians show that members of the Protestant faiths make up about three-quarters of all of those who have been patients at the hospital over the past six years. The other quarter are of the Catholic faith with patients of the Jewish faith numbering 7 on two different years and 2 on three other occasions and none on one year. Total of other faiths admitted as "in-patients" at Grayling Mercy over the past five years were 169 in a total number of over 11,000.

Next week's article will deal with the divisions of admissions, the type of service offered, average total census by year and also average total occupancy by year.

Frederic Sportsman's Club News The Frederic Sportsman's Club will hold a pancake supper on Feb. 14 from 5:00 til 7:00. Donations will be \$1.00 for adults and \$.50 cents for children under 12. All you can eat. The supper will be held at the clubhouse.

During the past two weeks the club members have put a new ceiling in the clubhouse. This enables us to use the building in the winter as well as in summer. The club is now working on an ice skating rink which will be located next to the clubhouse.

On Jan. 10, election of officers was held for the coming year with the following results: President, Ernie Barber; Vice President, James Rolfe; Secretary, Chuck Eggen; Treasurer, Al Leng; Trustees, Gene Gabriel, Bill Nowlan, and Lee Weaver.

The club has a Lindeman & Sons Square Grand piano for sale. Anyone interested in purchasing this piano can contact Chuck Ennis at the Pineview Motel just north of Frederic.

The next regular meeting will be held on Feb. 7 at 8:00 p. m. at the clubhouse.

School Notes The second semester began Monday. The ski team travelled to Thunder Mt. for a meet with Cheboygan, Petoskey, Harbor Springs and Boyne City Monday. A PTA meeting was held in the gym Monday night.

Tuesday the Building Committee of the Board of Education met with contractors and architects at the building site in mid-morning. The Home Extension group met in the Activity Room at 7 p. m. Tuesday.

School will be dismissed at noon on Wednesday and Thursday for parents' teacher conferences from 4:30 to 9:30 each day.

Friday the basketball team meets Harbor Springs there.

Next week's menu is, Monday, February 3rd, chili, bread and butter, sliced cheese, cornbread, jam and milk; Tuesday, mashed potatoes, gravy, chicken, butter peas, bread and butter, cranberries and milk; Wednesday, Spanish rice, buttered carrots, bread and butter, sliced cheese, pears and milk; Thursday, mashed potatoes, turkey and gravy, buttered green beans, bread and butter, cranberries and milk; Friday, spaghetti with tomato sauce, tuna salad sandwiches, buttered corn, peaches and milk.

Twin Bridges By Mrs. Esther Herrick

Mr. and Mrs. Otto Loeffler and daughter Carol and friend spent the weekend at their cabin also visiting their parents the Paul Loefflers.

Mr. and Mrs. B. J. Mundt were called to Saginaw last week due to the passing of Mrs. Mundt's sister.

Our winter wonderland sure came back with a bang, pleasing a goodly number of skiers and other winter sports enthusiasts who came

north for the weekend. Chas Jackson and friend went down below to a basketball game Friday evening and returned Sunday.

MOOSE NEWS

On Saturday, January 25th, John Galloway, Pat Hunter, Mike Gorman, Mike Crouch, Janet Southwell, Janet Stephens, and Carolyn Galloway, were guests at a very nice reception by Muskegon Lodge No. 491 of the Moose Youth Organization, called the M. Y. O. This is the organization mentioned in the column earlier as the teenagers of the Moose that was being worked on by John Galloway. Muskegon was the first lodge in the state to have this organization and charter and will be here in Grayling sometime in April to give the third charter in the state to Grayling. John states that they were really treated as royal guests. A fine meal had been prepared for them, which was enjoyed. Their arrival was announced to the whole lodge. A meeting was called to order by the president of the M. Y. O. so that the group could better understand how it is organized and operated. John says the meeting was as orderly as any adult meeting he has attended.

The M. Y. O. is an organization run by teenagers between the ages of 13 and 21, unmarried, of the white race, and who believe in a supreme being. To become a member of the M. Y. O. you must be approved by them, and sponsored by a Moose lodge member. The lodge cannot interfere with the M. Y. O. business as long as it is in the bounds set by the M. Y. O. Primarily it is run the same as the Moose lodge. There will be several meetings between now and April, starting with one Thursday or Friday of this week. Any teenagers interested can contact John or Pat Hunter for more details and find out when the meeting will be held. It will be held at the lodge basement. Temporary officers must be selected until regular officers are elected, probably in April.

Saturday, January 25th the Ritual team was in St. Louis to enroll twelve new members into the St. Louis lodge. There were also guests from Bay City and Mt. Pleasant lodges, to watch the Grayling team.

The Women of the Moose held their mid-winter conference at Mt. Pleasant Lodge Sunday, January 26th. There will be an enrollment in honor of Alfred Hanson, who paid his annual dues for the fiftieth time recently this Saturday evening, Feb. 1st at the lodge at 8:00 p. m. Either Midland or Mt. Pleasant will do the Degree work.

There will be a Benefit Dinner on Sunday, January 16th for Bernard Clegg's Lifetime membership. Please note the date change. Governor of the lodge, Alfred Hanson and Secretary Alfred Newell attended the School for Secretaries at Saginaw weekend before last, sponsored by the Supreme lodge. Governor Hanson states a lot of useful information was given by the Supreme Secretary's Staff. Don't let a child down, keep your dues up to date!

St. Mary's Ladies Club. The regular meeting of St. Mary's Ladies Club was held Tuesday January 21. A program was presented first, a demonstration of an Apostleship of Prayer by 12 of the children of St. Mary's School under the tutelage of Sister Camille. The group showed they had been very well trained. The School Guild sponsored the entertainment.

At the business meeting reports were made by the various guilds and committee chairmen. Each member received a copy of the new by-laws of the club, distributed by Chairman Lora Gould. Thank you letters were received from people remembered by the ladies at Christmas time. There were 73 elderly people and families taken care of in all. An amount of money was voted towards buying maps for the school. The luncheon committee then served refreshments, the ladies in charge being Mrs. Ralph Hoffman, Mrs. Bill Cox and Mrs. Grover Cox.

The annual snow party for the school children will be held this Friday, January 31, at the park. Mrs. Jack Mason is Chairman, assisted by Mrs. Bud Gould, Mrs. Harry Young and Mrs. Cy Houle. Refreshments will be served after the play outdoors.

The club is having a pre-Lenten potluck supper on Tuesday, February 11, for adults of the parish. Serving will be at 6:30 p. m. On the committee for this are Mrs. Wesley LaGrow, Mrs. Oscar Goss, Mrs. Les Goss, Mrs. Fred Bishop, Mrs. LeRoy Christian and Mrs. Robert Holzman.

CARD OF THANKS

I would like to express my sincere thanks for the care by the doctors, nurses and Sisters at the hospital and to friends for cards and visits while I was a patient at Grayling Mercy Hospital.

William Heric.

School Board Minutes

Minutes of the Grayling Public Schools Board of Education held on November 11, 1963. Bill Joseph, Secretary.

Regular meeting of the trustees of Grayling School District No. 1 was called to order at 8:00 p.m. in the Activities Room by President B. E. Henig.

Present: Trustees James Baker, Matilda Bishop, Dr. B. E. Henig, Bill Joseph, LeRoy Millikin, Eva Strong, and Gordon Thompson, and Superintendent Joseph Stripe, Robert Bovee and John Galloway.

The minutes of the meeting held on October 14, 1963, were read and approved.

Mr. Galloway inquired about the possibility of using the South Side School building as a Teen Age Center, and after some discussion, Mr. Galloway was informed that although the school district could not participate in such a project, the individual trustees would be glad to cooperate in any way they could.

Mr. Bovee presented results from testing programs, and this was discussed at great length, and the recapitulation of these tests is attached to these minutes.

The Treasurer and Superintendent reported that as of October 31, the balance in the General Fund amounted to \$24,059.35, in the Debt Retirement Fund, \$4,566.45, and in the Bldg. & Site Commercial Account, \$888.94. The financial condition of the district was discussed, and on motion by Baker, supported by Bishop, bills numbered 4282 through 4313, in the total amount of \$9,726.36, were unanimously approved for payment.

Discussion was held on policies for dismissal of students during tornado, storm, air-raid, and other alerts, and the board instructed the superintendent to send notes home with each student, explaining this policy, and requesting specific instructions as to where individual students be sent, etc. All students will be sent home, or to other places specified by parents.

Mr. Stripe reported to the trustees on the following items: request to purchase bell from South Side School has been received; M. A. S. B. meeting will be held in Gaylord, December 4th; annual open house will be held on November 12th from 7 to 9 p.m.; a pick-up truck has been purchased from the Federal Surplus Agency, for \$150.00; a snow plow will be purchased for the truck; prices will be obtained on scaffolding for the gym to be used to change light bulbs, etc.; and construction progress on new school is going well.

President Henig expressed his desire to meet our new teachers, and also discussed his desire for better showing in our interscholastic athletics.

Many other minor items were discussed, and there being no further business to come before the board, the meeting was adjourned at 10:30 p.m.

Minutes of the Grayling Public Schools Board of Education held on December 9, 1963. Bill Joseph, Secretary.

Regular meeting of the trustees of Grayling School District No. 1 was called to order at 8:00 p.m. in the Activities Room by President B. E. Henig.

Present: Trustees James Baker, Dr. B. E. Henig, Bill Joseph, LeRoy Millikin, Eva Strong, and Gordon Thompson, and Superintendent Joseph Stripe, and Trustee Matilda Bishop.

The minutes of the meeting held on December 2, 1963, were read, corrected, and approved.

The financial condition of the district was discussed, and the treasurer and superintendent reported that as of Dec. 31, 1963, the balances in the various monetary funds were as follows: General Fund, \$30,003.25, Debt Retirement Fund, none, and recapitulation of the Bldg. & Site Fund is attached to these minutes. Discussion was held on payment of all bills, and the superintendent explained that it was impossible to pay all accounts until later in school year, without borrowing money. On motion by Baker, supported by Strong, unanimous approval was given for payment of bills numbered 4344 through 4372 in the total amount of \$19,119.33.

Mr. Stripe informed the board members that rehabilitation plans will be discussed with our architect at the regular meeting on February 10th.

The budget for fiscal year 1964-65 was thoroughly discussed, and on motion by Joseph, supported by Baker, tentatively adopted, subject to any revisions necessary under the laws of the State of Michigan, by unanimous vote. The members discussed the need for more income through increased millage, for additional teachers and increased operating expenses. After long consideration, it was moved by Joseph and supported by Thompson, that the board instruct the superintendent to hire a minimum of four, and a maximum of six new teachers for the school year 1964-65, with the board of trustees assuming the responsibility of increasing the budget. Motion carried unanimously.

Discussion was held on fringe benefits and it was moved by Strong and seconded by Joseph that the district offer fully paid Blue Cross and Blue Shield Health Insurance to all teachers, with their choice of selecting this plan in lieu of salary increment for 1964-65, or accepting increment. If this plan should be accepted by majority of teachers, a set of written rules, regulations, etc., should be submitted by the Supt. for approval by board at its next regular meeting. Motion carried by unanimous vote.

A resolution approving the annexation of Beaver Creek School District No. 1 was adopted, and the formal resolution is attached to, and made a part of, these minutes. The secretary was ordered to mail copy to our legal consultant.

The trustees went over a report on all teaching staff, as presented by the Superintendent, and discussed this at great length.

George K. Brown, who now has charge of the weather supervision for the government for this region, succeeding Dr. S. N. Insley, reports that the thermometer registered 31 below zero Wednesday night. This we believe, was the coldest night so far this winter. At about 8 o'clock this morning the downtown thermometers gave the range as 24 below.

More than 6,000 men of the 85th division were ordered into quarantine following the appearance of three new cases of spinal meningitis. There are now nine cases of the dreaded disease in the base hospital. Smallpox, is feared by the Michigan war preparedness board and others interested in raising the next quota of soldiers, will interfere with furnishing the men badly needed by the National government. A campaign is on to stamp out the disease, which has 675 persons in bed today, and others quarantined. 175 are in Detroit.

Emil Lennon Kraus, infant son of Mr. and Mrs. Emil Kraus, has been ill with an attack of pneumonia. He is getting along nicely at this time.

Miss Isabel Case was called to Kinde on account of the serious illness of her sister.

Wisconsin Bans Nondegradable Detergent
On December 18, 1963, Wisconsin became the first state to set up a procedure which will ban the use of nondegradable household detergents which have caused foaming action in waters. Governor John W. Reynolds signed Senate Bill 404 into law on that date.
The ban becomes effective on December 31, 1965. Some segments of the industry have promised widespread marketing of detergents which will decompose readily and can be removed by normal waste treatment processes. Germany already has such a law.
The U. S. Congress has under consideration Senate Bill 619, a proposal which would set up a procedure for establishing standards of decomposability for synthetic detergents. The Secretary of Health, Education and Welfare then could issue rules and regulations to prevent the transportation or sale in Crawford County.

THREE RECEIVE DEGREES AT CMU
John Patrick Cox, 22, son of Mr. and Mrs. Grover Cox of 300 Huron Street, Grayling, graduated from Central Michigan University, Mt. Pleasant on Sunday, January 26th, in commencement exercises held at 2:30 p. m. at the university fieldhouse. Pat received a bachelor of science degree in mathematics and physics. He plans to return next semester for post-graduate work to complete requirements for a teaching certificate. Pat is a 1963 graduate of Grayling High School. He has played in the Central Michigan University band during the time he has attended.
Tony Leo Maurer, son of Mr. and Mrs. Bernard Maurer of Four Mile Road, south of Grayling, received a bachelor of science degree from Central Michigan University January 26, 1964, with a secondary certificate. His subjects were Biology and Physical Science. Tony was a member of Theta Zeta Chapter of Beta Beta National Honorary Biological Society while at Central. He has signed a contract to teach Science in the Vanderbilt School next semester.

Elmer L. Fenton, Grayling High School Principal, was awarded an Education Specialist degree at Central Michigan University Sunday, January 26, 1964, in Administration and Supervision of Secondary Schools. Mr. Fenton holds a bachelor of science degree from Central and a master of arts degree from the University of Michigan which he earned in 1957. The Education Specialist degree was first awarded by the university in 1962, and requires 30 hours credit above a master's degree. Mr. Fenton has attended Saturday classes and last summer took a ten-week course at Central to complete requirements for his latest degree. He has taught in the Grayling Public Schools system for the past fifteen years.

Hearings On Gas
(Continued from Page 1)
The other up the center of the State as far north as Gaylord.
The company proposes to lay a 16-inch pipeline from its Hamilton underground storage field in Clare County to West Branch and then due east to East Tawas and Tawas City, with a branch line to Whittemore. The line would turn north, crossing the AuSable River west of Oscoda where it would be reduced to 12-inches in diameter.
The 12-inch line would continue through Mikado and Lincoln north to Alpena, with branch lines running off to serve Oscoda, AuSable, and Harrisville on the lake shore. Daly said that the original plan to run the line along U.S. 23 was abandoned because it was found that the area could be supplied better by running branch lines to shoreline communities as the need develops.
The other main pipeline will be eight inches in diameter and branch off from the 16-inch line at the Clare County-Gladwin County line south of Houghton Lake. The pipeline will run north to Prudenville where a branch line will deliver gas to Prudenville and Houghton Lake communities. Continuing north past Higgins Lake, the pipeline will parallel I-75 and deliver gas to Roscommon, Grayling, Frederic and terminate at Gaylord.
Daly said the company will serve residents along the routes of both pipelines and the company has secured franchises to sell gas in virtually all of the townships the lines pass through. He added that initial company surveys of customers have proven that all of the communities are very anxious to have natural gas. "We presently have 20 per cent more signed applications from customers than we expected to be serving at the end of our first year of operation," Daly said. "Approximately 60 per cent of the potential customers contacted have already agreed to take natural gas service," he added.

Frederic Eagles
(Continued from Page One)
way from a rapidly tiring Frederic team at the end.
Jim Gauthier again led the Eagles in scoring. A 6-3 freshman guard who has averaged 16 points a game thus far, he tallied 12. His brother Jan added 8, as only five Eagles hit the scoring column. Frederic is now 2-5 on the season.
The Varsity Eagles of Frederic outlasted Merritt last Tuesday night to pull out a 46-45 victory.
Merritt started fast, taking a 13-12 lead over the favored Eagles, but Frederic roared back to hold a 22-19 advantage at the half. Play was tough and even in the second half with Frederic holding their lead 31-28 at the third stop. The two times traded baskets in the final stanza, Frederic holding as high as five point leads, and Merritt going ahead twice. With 0-48 to go, Eagle center Steve Weaver put Frederic ahead to stay with a reverse layup.
Mike Harmer led with 17 points, Rick Post and Ed Weaver added 9, and Steve Weaver had 8. The Eagles are now 3-4 for the season.

BITS O' TALK
